Re: Request of Safety Data Sheet for the following product. It is Nurse on Pig Milk Replacer (F100190191).

Customer: To Whom It May Concern.

**We do not provide a Safety Data Sheet for these products.**

Our premix products and feed products are excluded from the requirements under 29 CFR 1910. 1200(b) (5) (iii). These feed additives as a complete mixture, do not meet the definition of a chemical hazard. The concentration of individual ingredients in these products is not hazardous (29 CFR Part 1910/12007). They are not defined as a "Hazardous Chemical" under OSHA's Rule, 29 CFR 1910. 1200 (c).

Therefore we determined this product is not considered a chemical hazard and does not require a Safety Data Sheet.

If you have any questions, please do not hesitate to contact me at 1-937-962- 2661 Ext: 2383.

Sincerely,

*Mark Hemmerich*
