## GENUINE JOE FURNITURE POLISH GJ103512

Version 1.0

Revision Date 04/24/2015

Print Date 06/03/2015

### SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Material name : Genuine Joe Lemon Oil Furniture Polish

Material number : A00136

#### Manufacturer or supplier's details

Company : S.P Richards Co.

Address : 6300 Highlands Parkway  
Smyrna, GA 30082

Telephone : 1-877-541-2016

#### Emergency telephone numbers

For SDS Information : 1-877-541-2016

For a Medical Emergency :

For a Transportation  
Emergency : 1-877-541-2016

### SECTION 2. HAZARDS IDENTIFICATION

#### Emergency Overview

|            |                                    |
|------------|------------------------------------|
| Appearance | Aerosol containing a liquefied gas |
| Colour     | beige                              |
| Odour      | characteristic                     |

#### GHS Classification

Gases under pressure : Liquefied gas

#### GHS Label element

Hazard pictograms :

Signal word : Warning

Hazard statements : H280 Contains gas under pressure; may explode if heated.

Precautionary statements : **Storage:**  
P410 + P403 Protect from sunlight. Store in a well-ventilated place.

#### Potential Health Effects

#### Carcinogenicity:

##### IARC

No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

Version 1.0

Revision Date 04/24/2015

Print Date 06/03/2015

|              |                                                                                                                                              |
|--------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>ACGIH</b> | No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH. |
| <b>OSHA</b>  | No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.  |
| <b>NTP</b>   | No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.      |

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

#### Hazardous components

| Chemical Name                               | CAS-No.    | Concentration [%] |
|---------------------------------------------|------------|-------------------|
| Distillates (petroleum), hydrotreated light | 64742-47-8 | $\geq 5$ - $< 10$ |
| propane                                     | 74-98-6    | $\geq 1$ - $< 5$  |
| butane                                      | 106-97-8   | $\geq 1$ - $< 5$  |

### SECTION 4. FIRST AID MEASURES

|                         |                                                                                                                                                                                                                                 |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General advice          | : Do not leave the victim unattended.<br>Show this safety data sheet to the doctor in attendance.<br>Move out of dangerous area.                                                                                                |
| If inhaled              | : If unconscious place in recovery position and seek medical advice.<br>If symptoms persist, call a physician.                                                                                                                  |
| In case of skin contact | : If skin irritation persists, call a physician.<br>Wash off immediately with plenty of water for at least 15 minutes.<br>If on clothes, remove clothes.                                                                        |
| In case of eye contact  | : Remove contact lenses.<br>Protect unharmed eye.<br>Keep eye wide open while rinsing.<br>If eye irritation persists, consult a specialist.<br>If in eyes, rinse with water for 15 minutes.                                     |
| If swallowed            | : Keep respiratory tract clear.<br>Never give anything by mouth to an unconscious person.<br>If symptoms persist, call a physician.<br>DO NOT induce vomiting unless directed to do so by a physician or poison control center. |

### SECTION 5. FIREFIGHTING MEASURES

|                              |                                                                                                  |
|------------------------------|--------------------------------------------------------------------------------------------------|
| Suitable extinguishing media | : Alcohol-resistant foam<br>Dry chemical<br>Carbon dioxide (CO <sub>2</sub> )<br>Water spray jet |
|------------------------------|--------------------------------------------------------------------------------------------------|

# SAFETY DATA SHEET

Version 1.0

Revision Date 04/24/2015

Print Date 06/03/2015

|                                               |                                                                                                                                                                                                                           |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unsuitable extinguishing media                | : High volume water jet                                                                                                                                                                                                   |
| Specific hazards during firefighting          | : Do not allow run-off from fire fighting to enter drains or water courses.                                                                                                                                               |
| Hazardous combustion products                 | : Carbon dioxide (CO <sub>2</sub> )<br>Carbon monoxide<br>Smoke<br>Silicon oxides                                                                                                                                         |
| Specific extinguishing methods                | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                                                                                 |
| Further information                           | : Collect contaminated fire extinguishing water separately. This must not be discharged into drains.<br>Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. |
| Special protective equipment for firefighters | : Wear self-contained breathing apparatus for firefighting if necessary.                                                                                                                                                  |

---

### SECTION 6. ACCIDENTAL RELEASE MEASURES

|                                                                     |                                                                                                                                                                                            |
|---------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Use personal protective equipment.<br>Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.                                              |
| Environmental precautions                                           | : Prevent product from entering drains.<br>Prevent further leakage or spillage if safe to do so.<br>If the product contaminates rivers and lakes or drains inform respective authorities.  |
| Methods and materials for containment and cleaning up               | : Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).<br>Sweep up or vacuum up spillage and collect in suitable container for disposal. |

---

### SECTION 7. HANDLING AND STORAGE

|                             |                                                                                                                                                                                                                                                                                                                    |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Advice on safe handling     | : Avoid contact with skin and eyes.<br>For personal protection see section 8.<br>Smoking, eating and drinking should be prohibited in the application area.<br>Dispose of rinse water in accordance with local and national regulations.<br>Do not breathe vapours or spray mist.<br>Always replace cap after use. |
| Conditions for safe storage | : BEWARE: Aerosol is pressurized. Keep away from direct sun exposure and temperatures over 50 °C. Do not open by force or throw into fire even after use. Do not spray on flames or red-hot objects.                                                                                                               |

# SAFETY DATA SHEET

## GENUINE JOE FURNITURE POLISH GJ103512

Version 1.0

Revision Date 04/24/2015

Print Date 06/03/2015

No smoking.  
Observe label precautions.  
Keep in a dry, cool and well-ventilated place.  
Electrical installations / working materials must comply with the technological safety standards.

Materials to avoid : Strong oxidizing agents

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Components with workplace control parameters

| Components                                  | CAS-No.    | Value type<br>(Form of exposure) | Control parameters /<br>Permissible concentration | Basis     |
|---------------------------------------------|------------|----------------------------------|---------------------------------------------------|-----------|
| Distillates (petroleum), hydrotreated light | 64742-47-8 | TWA                              | 500 ppm<br>2,000 mg/m3                            | OSHA Z-1  |
|                                             |            | TWA                              | 400 ppm<br>1,600 mg/m3                            | OSHA P0   |
| propane                                     | 74-98-6    | TWA                              | 1,000 ppm                                         | ACGIH     |
|                                             |            | TWA                              | 1,000 ppm<br>1,800 mg/m3                          | NIOSH REL |
|                                             |            | TWA                              | 1,000 ppm<br>1,800 mg/m3                          | OSHA Z-1  |
|                                             |            | TWA                              | 1,000 ppm<br>1,800 mg/m3                          | OSHA P0   |
| butane                                      | 106-97-8   | TWA                              | 800 ppm<br>1,900 mg/m3                            | NIOSH REL |
|                                             |            | TWA                              | 800 ppm<br>1,900 mg/m3                            | OSHA P0   |

#### Personal protective equipment

Respiratory protection : In case of insufficient ventilation, wear suitable respiratory equipment.  
Use respiratory protection unless adequate local exhaust ventilation is provided or exposure assessment demonstrates that exposures are within recommended exposure guidelines.

Hand protection  
Remarks : The suitability for a specific workplace should be discussed with the producers of the protective gloves.

Eye protection : Ensure that eyewash stations and safety showers are close to the workstation location.  
Tightly fitting safety goggles

Skin and body protection : impervious clothing  
Choose body protection according to the amount and concentration of the dangerous substance at the work place.

Hygiene measures : When using do not eat or drink.  
When using do not smoke.  
Wash hands before breaks and at the end of workday.

| Viscosity, kinematic                   | : no data available                  |
| Heat of combustion                     | : 8.48 kJ/g                          |

---

### SECTION 10. STABILITY AND REACTIVITY

|                                    |                                                                                                       |
|------------------------------------|-------------------------------------------------------------------------------------------------------|
| Reactivity                         | : Stable                                                                                              |
| Chemical stability                 | : Stable under normal conditions.                                                                     |
| Possibility of hazardous reactions | : Vapours may form explosive mixture with air.<br>No decomposition if stored and applied as directed. |
| Conditions to avoid                | : Heat, flames and sparks.<br>Extremes of temperature and direct sunlight.                            |

# SAFETY DATA SHEET

## GENUINE JOE FURNITURE POLISH GJ103512

Version 1.0

Revision Date 04/24/2015

Print Date 06/03/2015

Incompatible materials : Strong oxidizing agents

Hazardous decomposition products : Carbon dioxide (CO<sub>2</sub>)  
Carbon monoxide

### SECTION 11. TOXICOLOGICAL INFORMATION

#### Acute toxicity

##### Components:

##### **Distillates (petroleum), hydrotreated light:**

Acute oral toxicity : LD50 rat: > 5,000 mg/kg

Acute inhalation toxicity : LC50 rat: > 4.6 mg/l  
Exposure time: 6 h

Acute dermal toxicity : LD50 rat: > 2,000 mg/kg

##### **propane:**

Acute inhalation toxicity : LC50 mouse: 1,237 mg/l  
Exposure time: 2 h

LC50 rat: 658 mg/l  
Exposure time: 4 h

LC50 rat: 1,355 mg/l

##### **butane:**

Acute inhalation toxicity : LC50 mouse: 1,237 mg/l  
Exposure time: 2 h

LC50 rat: 1,355 mg/l

#### Skin corrosion/irritation

##### Product:

Remarks: May cause skin irritation and/or dermatitis.

#### Serious eye damage/eye irritation

##### Product:

Remarks: Vapours may cause irritation to the eyes, respiratory system and the skin.

#### Respiratory or skin sensitisation

no data available

#### Germ cell mutagenicity

no data available

Print Date 06/03/2015

### Carcinogenicity

no data available

### Reproductive toxicity

no data available

**Distillates (petroleum), hydrotreated light:**  
**propane:**  
**butane:**

### STOT - single exposure

no data available

### STOT - repeated exposure

no data available

### Aspiration toxicity

no data available

### Further information

#### Product:

Remarks: no data available

#### Components:

**Distillates (petroleum), hydrotreated light:**  
Remarks: no data available

## SECTION 12. ECOLOGICAL INFORMATION

### Ecotoxicity

no data available

### Persistence and degradability

no data available

### Bioaccumulative potential

#### Product:

Partition coefficient: n- : Remarks: no data available  
octanol/water

#### Components:

##### **butane :**

Partition coefficient: n- : Pow: 2.89  
octanol/water

### Mobility in soil

no data available

### Other adverse effects

no data available

### SECTION 15. REGULATORY INFORMATION

#### EPCRA - Emergency Planning and Community Right-to-Know Act

##### CERCLA Reportable Quantity

This material does not contain any components with a CERCLA RQ.

##### SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards** : Sudden Release of Pressure Hazard

**SARA 302** : SARA 302: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

**SARA 313** : SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**California Prop 65** This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

#### The components of this product are reported in the following inventories:

|              |                                                                                            |
|--------------|--------------------------------------------------------------------------------------------|
| <b>TSCA</b>  | On TSCA Inventory                                                                          |
| <b>DSL</b>   | This product contains one or several components that are not on the Canadian DSL nor NDSL. |
| <b>AICS</b>  | Not in compliance with the inventory                                                       |
| <b>NZIoC</b> | Not in compliance with the inventory                                                       |
| <b>PICCS</b> | Not in compliance with the inventory                                                       |
| <b>IECSC</b> | Not in compliance with the inventory                                                       |

#### Inventory Acronym and Validity Area Legend:

AICS (Australia), DSL (Canada), IECSC (China), REACH (European Union), ENCS (Japan), ISHL (Japan), KECI (Korea), NZIoC (New Zealand), PICCS (Philippines), TSCA (USA)
